

American Fisheries Society - North Central Division Rivers and Streams Technical Committee

32nd annual spring meeting will be virtual!

Save the date for:

March 30-31, 2021

After thoughtful discussion, the Rivers and Streams Technical Committee has decided to hold the 32nd annual spring meeting as a virtual event.

As we transition to a virtual meeting, we look forward to offering the same informative content and the opportunity to learn from colleagues across the Midwest. The meeting will include a regular business meeting, technical presentations, and updates from State Chapter Representatives.

Over the next few weeks, the Rivers and Streams Technical Committee officers will be working out the details of the meeting and will provide more information to you soon.

We are now accepting abstracts for oral presentations. If you are interested in presenting, please provide a title and description of your presentation to Megan Thul (Megan.Thul@dnr.iowa.gov) by February 22, 2021.

We are currently accepting nominations of candidates to occupy Chair and Secretary/Treasurer of the Rivers and Streams Technical Committee. Both positions serve two year terms and begin after the Spring meeting. This year elections will be held online prior to the spring meeting. An online poll will be sent to the membership to vote for candidates. The new officers will be announced during the business meeting. If you are interested in serving as Chair or Secretary/Treasurer of the Rivers and Streams Technical Committee, please submit your name and a brief narrative to Megan Thul (Megan.Thul@dnr.iowa.gov) by February 5, 2021. If you have any questions about the positions, please contact Megan or Louise.

We hope you can join us for a virtual conference!

Sincerely,

Megan Thul, RSTC Chair
